IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

- Q. Who can vote at the annual meeting?** **A.** To be able to vote, you must have been a stockholder of record at the close of business on April 5, 2010, the record date for our annual meeting. The number of outstanding shares entitled to vote at the annual meeting is 48,261,865 shares of our common stock.
- If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or any postponements or adjournments of the annual meeting.
- Q. What are the voting rights of the holders of common stock?** **A.** Each outstanding share of our common stock will be entitled to one vote on each matter considered at the annual meeting.
- Q. How do I vote?** **A.** If you are a record holder, meaning your shares are registered in your name, you may vote:
- (1.) **Over the Internet:** Go to the website of our tabulator, Computershare Investor Services, at www.investorvote.com/NXTM. Use the vote control number printed on your enclosed proxy card to access your account and vote your shares. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions. You must submit your internet proxy before 11:59 p.m. Eastern Time on May 26, 2010, the day before the annual meeting, for your proxy to be valid and your vote to count.
 - (2.) **By Telephone:** Call 1-800-652-VOTE (8683) toll free from the U.S. and Canada, and follow the instructions on your enclosed proxy card. You must specify how you want your shares voted and confirm your vote at the end of the call or your telephone vote cannot be completed. Your shares will be voted according to your instructions. You must submit your telephonic proxy before 11:59 p.m. Eastern Time on May 26, 2010, the day before the annual meeting, for your proxy to be valid and your vote to count.
 - (3.) **By Mail:** Complete and sign your enclosed proxy card and mail it in the enclosed postage prepaid envelope to Computershare Investor Services. Your shares will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors. Computershare must receive your proxy card not later than May 26, 2010, the day before the annual meeting, for your proxy to be valid and your vote to count.
 - (4.) **In Person at the Meeting:** If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which we will provide to you at the meeting.
- If your shares are held in "street name," meaning they are held for your account by a broker or other nominee, you may vote:
- (1.) **Over the Internet or by Telephone:** You will receive instructions from your broker or other nominee if they permit Internet or telephone voting. You should follow those instructions.
 - (2.) **By Mail:** You will receive instructions from your broker or other nominee explaining how you can vote your shares by mail. You should follow those instructions.

- (3.) **In Person at the Meeting:** Contact your broker or other nominee who holds your shares to obtain a brokers' proxy card and bring it with you to the meeting. A broker's proxy card is not the form of proxy card enclosed with this proxy statement. **You will not be able to vote shares you hold in "street name" in person at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote your shares.**
- Q. Can I change my vote?**
- A.** **If your shares are registered directly in your name,** you may revoke your proxy and change your vote at any time before the annual meeting. To do so, you must do one of the following:
- (1.) Vote over the Internet or by telephone as instructed above. Only your latest Internet or telephone vote is counted.
 - (2.) Sign a new proxy and submit it as instructed above. Only your latest dated proxy will be counted.
 - (3.) Attend the annual meeting, request that your proxy be revoked and vote in person as instructed above. Attending the annual meeting will not revoke your proxy unless you specifically request it.
- If your shares are held in street name,** you may submit new voting instructions by contacting your broker, bank or nominee. You may also vote in person at the meeting if you obtain a broker's proxy as described in the answer above.
- Q. Will my shares be voted if I don't return my proxy?**
- A.** If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone, by returning your proxy or voting by ballot at the meeting. If your shares are held in "street name," your brokerage firm may, under certain circumstances, vote your shares if you do not return your proxy. Brokerage firms can vote customers' unvoted shares on routine matters. If you do not return a proxy to your brokerage firm to vote your shares, your brokerage firm may, on routine matters, either vote your shares or leave your shares unvoted. Your brokerage firm cannot vote your shares on any matter that is not considered routine. Proposal 1, election of directors, is a non-routine matter and Proposal 2, ratification of the selection of our independent registered public accounting firm, is considered a routine matter. Your brokerage firm cannot vote your shares with respect to Proposal 1 unless it receives your voting instructions. We encourage you to provide voting instructions to your brokerage firm by giving your proxy to them. This ensures that your shares will be voted at the annual meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them at the time you receive this proxy statement.
- Q. How many shares must be present to hold the annual meeting?**
- A.** A majority of our outstanding shares of our common stock must be present at the annual meeting to hold the meeting and conduct business. This is called a quorum. For purposes of determining whether a quorum exists, we count as present any shares that are voted over the Internet, by telephone or by completing and submitting a proxy or that are represented in person at the meeting. Further, for purposes of establishing a quorum, we will count as present shares that a stockholder holds even if the stockholder votes to abstain or votes on at least one of the matters to be voted upon.

- Q. What vote is required to approve each matter and how are votes counted?**
- A.** If a quorum is not present, we expect to adjourn the meeting until we obtain a quorum.
- Proposal 1—Election of Directors**
- The nominees for directors who receive the highest number of votes FOR election will be elected as directors. This is called a plurality. Abstentions are not counted for purposes of electing directors. If your shares are held by your broker in “street name,” and you do not vote your shares, your brokerage firm cannot vote your unvoted shares on Proposal 1. You may:
- vote FOR any or all of the nominees; or
 - WITHHOLD your vote from any or all of the nominees.
- Votes that are withheld will not be included in the vote tally for the election of the directors and will not affect the results of the vote.
- Proposal 2—Ratification of Selection of Independent Registered Public Accounting Firm**
- To approve Proposal 2, stockholders holding a majority of the shares of our common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. If your shares are held by your broker in “street name,” and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 2. If you vote to ABSTAIN on Proposal 2, your shares will not be voted in favor of or against the proposal and will also not be counted as votes cast or shares voting on the matter. As a result, voting to ABSTAIN will have no effect on the voting on the proposal. Although stockholder approval of our Audit Committee’s selection of Ernst & Young LLP as our independent registered public accounting firm is not required, we believe that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the annual meeting, our Audit Committee will reconsider its selection of Ernst & Young LLP.
- Q: Are there other matters to be voted on at the annual meeting?**
- A.** We do not know of any other matters that may come before the meeting other than the election of directors and the ratification of the selection of our independent registered public accounting firm. If any other matters are properly presented at the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment on the matter.
- Q. Where can I find the voting results?**
- A.** We expect to report the voting results on a Form 8-K within four days of the 2010 Annual Meeting.
- Q. Who will bear the costs of soliciting proxies?**
- A.** We will bear the cost of soliciting proxies. In addition to these proxy materials, our directors, officers and employees may solicit proxies by telephone, e-mail, facsimile and in person, without additional compensation. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information, as of March 15, 2010, or such later date as indicated below, with respect to the beneficial ownership of our common stock by:

- each person whom we know beneficially owns more than 5% of the outstanding shares of our common stock;
- each of our directors, all of whom are nominees for election as directors at the annual meeting;
- our principal executive officer, our principal financial officer and our three other most highly compensated executive officers who were serving as executive officers on December 31, 2009, whom we refer to collectively as our “named executive officers”; and
- all of our directors and executive officers as a group.

The number of shares of our common stock owned by each person is determined under the rules of the Securities and Exchange Commission, or SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days after March 15, 2010, or May 13, 2010, through the exercise of any stock option or other right. Unless otherwise indicated, each person has sole investment and voting power, or shares such power with his or her spouse, with respect to the shares set forth in the following table. The inclusion in this table of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

Percentage of common stock outstanding is based on 48,208,348 shares of our common stock outstanding as of March 15, 2010. Shares of common stock subject to stock options currently exercisable, or exercisable within 60 days, are deemed outstanding for the percentage ownership of the person holding such stock options but are not deemed outstanding for any other person.

PROPOSAL 1 — ELECTION OF DIRECTORS

The Board of Directors recommends a vote “FOR” the election of each of Messrs. Burbank, Chambon, Giannini, Lewis, Moore, Perper, Silverstein and Utterberg.

Our Board of Directors currently consists of eight members who serve one-year terms. Our Board of Directors has set the authorized number of directors at eight, and we are proposing the election of eight members at the annual meeting.

The persons named in the enclosed proxy will vote to elect as directors Jeffrey H. Burbank, Philippe O. Chambon, Daniel A. Giannini, Earl R. Lewis, Craig W. Moore, Reid S. Perper, Jonathan T. Silverstein, and David S. Utterberg, unless you indicate on your proxy that your shares should be withheld from one or more of these nominees. All nominees are currently members of our Board of Directors.

If elected, the nominees will hold office until our Annual Meeting of Stockholders in 2011 and until their successors are duly elected and qualified. Each of the nominees has indicated his willingness to serve, if elected; however, if any nominee should be unable to serve, the shares of our common stock represented by proxies may be voted for a substitute nominee designated by our Board of Directors.

Below are the names, ages, the principal occupation and business experience for at least the past five years for each member of the Board of Directors, each of whom is a nominee for election at the annual meeting. Information with respect to the number of shares of our common stock beneficially owned by each director, directly or indirectly, as of March 15, 2010 appears above under the heading “Stock Ownership of Certain Beneficial Owners and Management.”

Director Qualifications

In considering whether to recommend any candidate for inclusion in the Board of Directors’ slate of recommended director nominees, including candidates recommended by stockholders, the Nominating and Corporate Governance Committee applies the criteria that are set forth in our Corporate Governance Guidelines. These criteria include the candidate’s integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. Our Corporate Governance Guidelines also provide that director nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law and state that the value of diversity on the Board should be considered. We believe that Board membership should reflect diversity in its broadest sense, including persons diverse in geography and background. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each nominee. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow our Board of Directors to fulfill its responsibilities.

The biographies of each of the nominees below contains information regarding each nominee’s specific experience, qualifications, attributes and skills that led our Board to the conclusion that he should serve as a director. We also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. They each have demonstrated strong business acumen and an ability to exercise sound judgment, as well as a commitment of service to NxStage and our Board. In addition, we value their significant experience on other company boards of directors and board committees. The following paragraphs also provide information as of the date of this proxy statement that each director has given us about his age, all positions he holds, his principal occupation and business experience for the past five years, and the names of other publicly-held companies of which he currently serves as a director or has served as a director during the past five years.

Information about the number of shares of common stock beneficially owned by each director appears above under the heading “Security Ownership of Certain Beneficial Owners and Management.” See also “Certain Relationships and Related Transactions.” There are no family relationships among any of the directors and executive officers of NxStage.

CORPORATE GOVERNANCE General

Our Board of Directors believes that good corporate governance is important to ensure that NxStage is managed for the long-term benefit of our stockholders. This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and code of conduct described below are available under the investor information section of our website at www.nxstage.com. Alternatively, you can request a copy of any of these documents by writing to: Investor Relations, NxStage Medical, Inc., 439 South Union Street, 5th Floor, Lawrence, Massachusetts 01843.

Corporate Governance Guidelines

Our Board of Directors has adopted corporate governance guidelines to assist it in the exercise of its duties and responsibilities and to serve the best interests of NxStage and our stockholders. These guidelines, which provide a framework for the conduct of our Board of Directors, provide that:

- the principal responsibility of our directors is to oversee our management;

[Table of Contents](#)

- a majority of the members of our Board of Directors shall be independent directors;
- independent directors meet periodically in executive session;
- directors have full and free access to management and, as necessary and appropriate, independent advisors; and
- at least annually our Board of Directors and its committees will seek to conduct a self-evaluation to determine whether they are functioning effectively.

Board Leadership Structure

We separate the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. Separating these positions allows our CEO to focus on the day to day leadership and performance of the Company instead of Board administration. Our CEO is responsible for setting the strategic direction for the Company. The Chairman of our Board provides guidance to the CEO and sets the agenda for Board meetings and presides over meetings of the full Board. Our Chairman leads our Board in providing advice to and independent oversight of management. We believe this enhances the independent and objective assessment of risk by our Board.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing risk management. The Board regularly reviews information regarding the Company's liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of risks relating to financial reporting, internal controls and compliance with legal and regulatory requirements. The Nominating and Corporate Governance Committee oversees the management of risks associated with corporate governance, the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an "independent director" if, in the opinion of our Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has determined that Dr. Chambon and Messrs. Giannini, Lewis, Moore, Perper, and Silverstein each do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an "independent director" as defined under Rule 5605(a)(2) of the NASDAQ Stock Market Marketplace Rules.

In determining the independence of the directors listed above, our Board considered each of the transactions discussed in "Certain Relationships and Related Transactions" on page 18.

Communicating with the Independent Directors

Our Board of Directors will give appropriate attention to written communications that are submitted by stockholders and other interested parties, and will respond if, and as, appropriate. Dr. Chambon, the Chairman of our Board of Directors, with the assistance of our General Counsel, is primarily responsible for monitoring communications from stockholders and other interested parties and for providing copies or summaries to the other directors as he or she considers appropriate.

Under procedures approved by a majority of the independent directors, communications will be forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman of our Board of Directors considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than

communications relating to ordinary business affairs, personal grievances and matters as to which we may in the future receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board of Directors should address such communications to Board of Directors, c/o Winifred L. Swan, Esq., Senior Vice President and General Counsel, NxStage Medical, Inc., 439 South Union Street, 5th Floor, Lawrence, Massachusetts 01843.

Director Nomination Process

Our Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become directors, consistent with the criteria approved by our Board of Directors, and recommending the persons to be nominated for election as directors, except where we are legally required by contract to provide third parties with the right to nominate. The process followed by our Nominating and Corporate Governance Committee to identify and evaluate candidates includes requests to members of our Board of Directors and others for recommendations, the utilization of director search firms, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and our Board of Directors.

In considering whether to recommend any candidate for inclusion in the Board of Directors' slate of recommended director nominees, including candidates recommended by stockholders, the Nominating and Corporate Governance Committee applies the criteria that are set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. Our Corporate Governance Guidelines specify that the value of diversity on the Board should be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. The Committee seeks nominees with a broad diversity of experience, professions, skills, viewpoints and backgrounds. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each nominee. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow our Board of Directors to fulfill its responsibilities. The composition of the current board reflects diversity in business and professional experience, skills, and background.

In connection with our acquisition of Medisystems Corporation and certain affiliated entities, we agreed that if Mr. Utterberg is no longer a director of NxStage, our Board of Directors will nominate for election to our Board of Directors any director nominee proposed by Mr. Utterberg, subject to certain conditions.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and, if the stockholder is not a stockholder of record, a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Winifred L. Swan, Senior Vice President and General Counsel, NxStage Medical, Inc., 439 South Union Street, 5th Floor, Lawrence, Massachusetts 01843. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Our stockholders also have the right to nominate director candidates themselves, without any prior review or recommendation by the Nominating and Corporate Governance Committee or our Board of Directors, by following the procedures set forth under the heading "Other Matters — Stockholder Proposals for the 2011 Annual Meeting."

[Table of Contents](#)

At the annual meeting, stockholders will be asked to consider the election of Jeffrey H. Burbank, Philippe O. Chambon, Daniel A. Giannini, Earl R. Lewis, Craig W. Moore, Reid S. Perper, Jonathan T. Silverstein, and David S. Utterberg, each of whom is being nominated for re-election to our Board of Directors.

Board Meetings and Attendance

Our Board of Directors met 12 times, either in person or by teleconference, during the year ended December 31, 2009, or fiscal 2009. During fiscal 2009, each of our directors attended at least 75% of the number of Board meetings and meetings held by all committees of the Board on which he then served.

Director Attendance at Annual Meeting of Stockholders

Our Corporate Governance Guidelines provide that directors are expected to attend the annual meeting. All of our directors attended the 2009 Annual Meeting of Stockholders, and we expect substantially all of our directors to attend the 2010 annual meeting.

Board Committees

Our Board of Directors has established three standing committees — Audit, Compensation and Nominating and Corporate Governance — each of which operates under a charter that has been approved by our Board of Directors. Current copies of each committee's charter are posted on the Corporate Governance section of our website, www.nxstage.com.

Our Board of Directors has determined that all of the members of each of our three standing Board committees are independent as defined under NASDAQ rules, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, or the Exchange Act.

Audit Committee Report

The purpose of the Audit Committee is to assist the Board of Directors’ oversight of NxStage’s accounting and reporting processes and the audits of NxStage’s consolidated financial statements.

The Audit Committee has reviewed NxStage’s audited financial statements for the fiscal year ended December 31, 2009 and has discussed these financial statements with NxStage’s management and independent registered public accounting firm.

The Audit Committee has also received from, and discussed with, Ernst & Young LLP, NxStage’s independent registered public accounting firm, various communications that NxStage’s independent registered public accounting firm is required to provide to the Audit Committee including the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AIPC, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, other standards of the Public Company Accounting Oversight Board, the rules and regulations of the Securities and Exchange Commission, and other applicable regulations.

NxStage’s independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding NxStage’s independent registered public accounting firm’s communications with the Audit Committee concerning independence, and has discussed with the Audit Committee its independence.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to NxStage’s Board of Directors that the audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2009.

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specific types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. At the time of such pre-approval, the type of services to be provided, and the fees relating to those services, are detailed and also generally subject to a maximum dollar amount.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS Our Relationship with David Utterberg

David S. Utterberg is a director and significant stockholder of NxStage. On June 4, 2007, we entered into a stock purchase agreement with Mr. Utterberg under which we agreed to purchase from Mr. Utterberg the issued and outstanding shares of Medisystems Corporation and Medisystems Services Corporation, 90% of the issued and outstanding shares of Medisystems Europe S.p.A. (the remaining equity of which is held by Medisystems Corporation) and 0.273% of the issued and outstanding equity participation of Medisystems Mexico s. de R.L. de C.V. (the remaining equity of which is held by Medisystems Corporation), which are collectively referred to as the MDS Entities. We refer to our acquisition of the MDS Entities as the Medisystems Acquisition. The Medisystems Acquisition was completed on October 1, 2007 and, as a result, each of the MDS Entities is a direct or indirect wholly-owned subsidiary of NxStage. In addition, as a result of completion of the Medisystems Acquisition, the supply agreement, dated January 2007, with Medisystems, under which Medisystems agreed to provide cartridges for use with the System One, was terminated. In consideration for the Medisystems Acquisition, we issued Mr. Utterberg 6.5 million shares of our common stock, valued at approximately \$97.4 million, based on the last sale price of NxStage's common stock on October 1, 2007, which we refer to as the Acquisition Shares. In addition, we may be required to issue additional shares of our common stock to Mr. Utterberg. Pursuant to the terms of the stock purchase agreement, Mr. Utterberg and we have agreed to indemnify each other in the event of certain breaches or failures, and any such indemnification amounts must be paid in shares of our common stock, valued at the time of payment. However, we will not be required to issue shares for indemnification purposes that in the aggregate would exceed 20% of the then outstanding shares of our common stock without first obtaining stockholder approval, and any such shares will not be registered under the Securities Act of 1933, as amended. The stock purchase agreement provided that an aggregate of one million shares would be held back in escrow to secure any indemnification obligations of Mr. Utterberg for a period of two years. All shares have been released from escrow, consistent with the terms of the escrow agreement entered into between Mr. Utterberg and us. In connection with the Medisystems Acquisition and as a result of Medisystems Corporation, one of the MDS Entities, becoming a direct wholly-owned subsidiary of ours, we acquired rights under an existing license agreement between Medisystems Corporation and DSU. We refer to this agreement as the license agreement. Additionally, as a condition to the parties' obligations to consummate the Medisystems Acquisition, Mr. Utterberg and DSU entered into a consulting agreement with us dated October 1, 2007, which we refer to as the consulting agreement.

Under the license agreement, Medisystems Corporation received an exclusive, irrevocable, sublicensable, royalty-free, fully paid license to certain DSU patents, or the licensed patents, in exchange for a one-time payment of \$2.7 million. The licensed patents fall into two categories, those patents that are used exclusively by the MDS Entities, referred to as the Class A patents, and those patents that are used by the MDS Entities and other companies owned by Mr. Utterberg, referred to as the Class B patents. Pursuant to the terms of the license agreement, Medisystems Corporation has a license to (1) the Class A patents, to practice in all fields for any purpose and (2) the Class B patents, solely with respect to certain defined products for use in the treatment of extracorporeal fluid treatments and/or renal insufficiency treatments. The license agreement further provides that the rights of Medisystems Corporation under the agreement are qualified by certain sublicenses previously granted to third parties. We have agreed that Mr. Utterberg retains the right to the royalty income under one of these sublicenses.

Under the consulting agreement, Mr. Utterberg and DSU provided consulting, advisory and related services to us for a period of two years following the consummation of the Medisystems Acquisition. In addition, under the terms of the consulting agreement, Mr. Utterberg and DSU agreed during the term of the agreement not to compete with NxStage during the term of the consulting agreement in the field defined in the consulting agreement and not to encourage or solicit any of our employees, customers or suppliers to alter their relationship with us. The consulting agreement further provided that (1) Mr. Utterberg and DSU assign to us certain inventions and proprietary rights received by him/it during the term of the agreement and (2) we grant Mr. Utterberg and DSU an exclusive, worldwide, perpetual, royalty-free irrevocable, sublicensable, fully

paid license under such assigned inventions and proprietary rights for any purpose outside the inventing field, as defined in the consulting agreement. Under the terms of the consulting agreement, Mr. Utterberg and DSU received an aggregate of \$200,000 per year, plus expenses, in full consideration for the services and other obligations provided for under the terms of the consulting agreement. The consulting agreement also required Mr. Utterberg and NxStage to indemnify each other in the event of certain breaches and failures under the agreement and required that any such indemnification liability be satisfied with shares of our common stock, valued at the time of payment. However, we were not required to issue shares for indemnification purposes that in the aggregate would have exceeded 20% of the then outstanding shares of our common stock without first obtaining stockholder approval, and any such shares would not be registered under the Securities Act of 1933, as amended.

We assumed a \$2.8 million liability owed to DSU as a result of the acquisition of the MDS Entities. We paid this liability in 2008.

Finally, in connection with the Medisystems Acquisition, we agreed that if Mr. Utterberg is no longer a director of NxStage, our Board of Directors will nominate for election to our Board of Directors any director nominee proposed by Mr. Utterberg, subject to certain conditions.

Our Relationship with Jonathan T. Silverstein

Mr. Silverstein, a general partner of OrbiMed Advisors, LLC, (“OrbiMed”), was appointed to our Board on July 23, 2008 in connection with a private placement of shares of our common stock and warrants to purchase shares of our common stock announced on May 23, 2008 (the “Private Placement”). The Private Placement took place in two closings, in which a total of 9,555,556 shares of our common stock, and warrants to purchase 1,911,111 shares of our common stock were issued, with aggregate gross proceeds to us of approximately \$43 million.

Funds affiliated with OrbiMed purchased an aggregate of 5,555,556 shares of our common stock and warrants to purchase 1,111,111 shares of our common stock in the first closing of the Private Placement on May 28, 2008. The Securities Purchase Agreement executed in connection with the Private Placement, dated as of May 22, 2008, required that we appoint one individual nominated by OrbiMed to our Board of Directors upon the earlier of the second closing of the Private Placement or 60 days after the first closing of the Private Placement. The appointment of Mr. Silverstein to our Board satisfied this requirement.

Our Relationship with the Sprout Entities

In the second closing of the Private Placement, which took place on August 1, 2008, following the special meeting of our stockholders during which the stockholders approved the second closing, an aggregate of 4,000,000 shares of our common stock and warrants to purchase 800,000 shares of our common stock were issued and sold by us and purchased by (a) unaffiliated investors and (b) investors who are our affiliates, including one investor, the Sprout Entities, who is affiliated with a member of our Board of Directors. The Sprout Entities purchased 1,022,221 shares of our common stock and warrants to purchase 204,546 shares of our common stock in the Private Placement. Other than the different closing dates and the stockholder approval requirement for the second closing, all other terms of the private placement are identical in the two closings.

Policies and Procedures Regarding Review, Approval and Ratification of Related Person Transactions

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a “related person,” has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a “related person transaction,” the related person must report the proposed related person transaction to our General Counsel. The policy calls for the proposed related person transaction to be reviewed and, if

Table of Contents

deemed appropriate, approved by our Audit Committee. Any related person transactions that are ongoing in nature will be reviewed annually.

Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the committee at its next meeting.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify the transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in our best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our Board of Directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 1% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (c) the amount involved in the transaction equals less than the greater of \$200,000 or 2% of the annual gross revenues of the company receiving payment under the transaction; and
- a transaction that is specifically contemplated by provisions of our charter or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

INFORMATION ABOUT EXECUTIVE AND DIRECTOR COMPENSATION *Compensation Discussion and Analysis*

Introduction

This Compensation Discussion and Analysis describes the material elements of our executive compensation program for 2009 and explains how the Compensation Committee of our Board of Directors made its compensation decisions for our named executive officers for 2009. These named executive officers are identified in the Summary Compensation Table that immediately follows this discussion and consist of our Chief Executive Officer and President, Mr. Jeffrey H. Burbank; our Chief Financial Officer, Mr. Robert S. Brown, and our three other most highly compensated executive officers, Mr. Joseph E. Turk, Senior Vice President of Commercial Operations; Ms. Winifred L. Swan, Senior Vice President and General Counsel; and, Mr. Michael J. Webb, Senior Vice President, Quality, Regulatory and Clinical Affairs.

Executive Summary

Executive compensation levels and programs for our named executive officers in 2009 were set and structured to appropriately retain, incent and reward executives, while also adhering to the Company's priority to conserve cash. Base salaries for named executive officers remained unchanged for the second consecutive year, and total compensation for our named executive officers in 2009, like 2008, continued to be focused heavily on equity compensation to encourage long-term shareholder value and conserve cash. In order to strongly link executive pay with corporate performance, the Compensation Committee chose to continue to put a significant percentage of our named executive officers' 2009 compensation at risk under the Company's 2009 Corporate Bonus and Performance Share Plans. The metrics of both plans were set to build long-term shareholder value by linking to future revenue growth and cash consumption. To further conserve cash, the 2009 Corporate Bonus Plan was structured to allow for the payment of awards in the form of shares of the Company's common stock. Finally, in recognition of the challenging global economic conditions and to conserve cash, bonus awards under the Target performance level of the Company's 2009 Corporate Bonus Plan were set at 50% of named executive officers' target bonus levels.

Despite the global economic conditions that prevailed throughout 2009, the Company exceeded its corporate goals established by the Compensation Committee in the beginning of 2009. The Company reported record revenues in 2009, in excess of its target goal set in early 2009. In addition, the Company surpassed its 2009 target goal relating to reduced cash consumption. As a result of this performance and pursuant to the Company's 2009 Corporate Bonus Plan and Performance Share Plan, bonus and performance share awards were paid at above-target levels to our named executive officers in March 2010 based on 2009 corporate performance.

In addition to exceeding the target metrics of its 2009 Corporate Bonus and Performance Share Plans, the Company also improved its balance sheet, was able to release positive data from its FREEDOM study throughout the year, formed important partnerships with Asahi Kasei Kurraray Medical Co. Ltd., B.Braun, and Gambro Renal Products, Inc., and began distributing its product in the UK and Ireland with Kimal plc. It was a good year for the Company, with the Company emerging as a stronger entity at the conclusion of the year. Short and long-term incentive awards made to our named executive officers in March 2010 reward and recognize this strong corporate performance for 2009. Executive compensation levels and programs for 2010 have been similarly structured to encourage and reward performance. The Company's 2010 Corporate Bonus and Performance Share Plans put a significant percentage of executive pay at risk, and failure to achieve threshold results will significantly reduce total compensation for our named executive officers. We believe our "pay for performance" philosophy attracts, retains and motivates our named executive officers to be fully aligned with the Company's objectives, and helps us to meet our goals.

Our Executive Compensation Philosophy and Objectives

We believe that the total compensation of our named executive officers should support the following objectives:

- to attract, retain and reward executives who can help us to achieve our business objectives;
- promote the achievement of key strategic and financial performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable performance goals; and
- align executives' long-term incentives with the interests of our stockholders.

To achieve these objectives, the Compensation Committee evaluates our executive compensation program with the goal of setting compensation at levels the Committee believes are competitive with those of other companies in our industry and our region that compete with us for executive talent. In order to better align the interests of our executives with stockholders, a significant percentage of executives' total annual compensation is put at risk, dependent upon the achievement of key strategic, financial and operational goals. Performance is rewarded through annual incentive bonuses, intended to pay for the achievement of short-term performance goals, and long-term equity incentives, intended to both retain executives and allow them to participate in the longer-term success of NxStage as reflected in stock price appreciation. We believe this compensation philosophy aligns with the interest of stockholders by preserving cash, and rewarding long-term stockholder value creation.

How Executive Compensation is Determined

Our Compensation Committee has primary responsibility for reviewing, setting and approving the compensation of our named executive officers. Information about our Compensation Committee and its composition and responsibilities can be found on page 15 of this proxy statement, under the heading "Compensation Committee." In fulfilling this responsibility, the Compensation Committee relies on three key elements: market referencing, performance considerations and CEO and Compensation Committee judgment.

Role of Compensation Consultant. From time to time, the Compensation Committee engages the services of one or more independent consulting firms to assist in the Committee's evaluation of executive compensation. In 2008 and 2009, the Compensation Committee engaged the services of Radford Surveys + Consulting, a business unit of Aon Consulting Company, or Radford. Radford reports directly to the Compensation Committee and provides the Compensation Committee with design alternatives for compensation programs and with data regarding the compensation of executive officers at peer companies in order to assist the Compensation Committee in its determination of whether the overall compensation packages for each of our named executive officers are competitive.

In late 2008 and 2009, working with the Compensation Committee, Radford (a) helped to define the group of companies that should be included in our peer compensation group, or Peer Group, (b) provided market data on executive compensation, and compared our executive compensation to the Peer Group, and (c) analyzed and made recommendations regarding all aspects of executive compensation, including base and short- and long-term incentive awards. Representatives of Radford attended several Compensation Committee meetings in 2008 and 2009.

Market Referencing Against a Peer Group. We base our compensation decisions partly on relevant market information, by comparing our executive compensation to compensation paid to employees in comparable roles at peer companies, which we refer to as our Peer Group. Our Peer Group consists of national and regional medical device companies that we believe are generally comparable to NxStage in terms of organizational structure, size and stage of development, and against which we believe we compete for executive talent.

To help establish our Peer Group, we relied on Radford to identify publicly traded, US-based companies in the medical device, biotechnology, and pharmaceutical industry between 1/3 and 3 times the size of NxStage, based on number of employees, revenue and market value. Working with our Compensation Committee, Radford then evaluated each such company based on products and business strategy and selected

[Table of Contents](#)

for inclusion in our Peer Group those companies that were most comparable to NxStage based on product focus, business strategy, developmental stage, and financial profile.

Applying this methodology, the Compensation Committee approved the following list of peer companies in late 2008 and 2009.

The companies comprising our Peer Group used for 2009 executive compensation determinations were:

Align Technology, Inc.	AngioDynamics Incorporated
Aspect Medical Systems, Inc.	Cantel Medical Corp.
Cardiac Science Corporation	CardioNet, Inc.
Cutera, Inc.	Cyberonics Inc.
Datascope Corp.	FoxHollow Technologies, Inc.
ICU Medical, Inc.	I-Flow Corporation
Merit Medical Systems, Inc.	Micrus Endovascular
Nuvasive, Inc.	Sonic Innovations, Inc.
SonoSite, Inc.	Thoratec Corporation
Vital Signs, Inc.	Vnus Medical Technologies, Inc.

The companies comprising our Peer Group used for 2010 executive compensation determinations are:

Abiomed, Inc.	Align Technology, Inc.
AngioDynamics Incorporated	Atrion Corporation
Cantel Medical Corp.	CardioNet, Inc.
Cyberonics Inc.	HealthTronics, Inc.
ICU Medical, Inc.	I-Flow Corporation
Merit Medical Systems, Inc.	Micrus Endovascular
Natus Medical Inc.	Nuvasive, Inc.
RTI Biologics, Inc.	SonoSite, Inc.
Symmetry Medical Inc.	Thoratec Corporation
Volcano Corporation	Zoll Medical Corp.

The Peer Group used to establish 2010 compensation is slightly different from the Peer Group we used in 2009. Seven companies were removed due to no longer being comparable in revenue and market value. Datascope Corp., Vital Signs Inc, and Vnus Medical Technologies, Inc. were removed due to a merger or acquisition, which increased their size, revenue and/or market capitalization beyond our company and factors defined for our Peer Group. Aspect Medical Systems, Cardiac Science, Cutera Inc., Sonic Innovations, Inc. and FoxHollow Technologies, Inc. were removed due to slower revenue growth and/or a market capitalization significantly below other companies in our Peer Group. Seven additional companies were added that more closely align with our size, industry and market valuation. The new companies are: Abiomed, Inc., Atrion Corporation, Health Tronics, Inc., Natus Medical Inc., RTI Biologics, Inc., Symmetry Medical Inc., and Zoll Medical Corp.

In addition to our Peer Group data, Radford provided the Compensation Committee in late 2008 and 2009 with broader survey data from the Radford Global Life Science Survey as well as SIRS Life Sciences Survey. Our Human Resources Department works with Radford to match Company positions against survey positions and to compile the compensation data for each named executive officer. Our Human Resources Department does not direct or oversee the activities of Radford.

Our philosophy is that base salaries and executive benefits should be targeted at the 50th percentile, cash incentive performance awards between the 50th and 75th percentile and the grant value of equity awards between the 50th and 75th percentile of our Peer Group. These targets percentiles are intended to enable us to attract and retain top level talent while maintaining our overall objective of strongly linking executive compensation to company performance. These are overall guidelines, and variations to these general targets may occur as dictated by the performance and experience level of the individual, the importance of the executive's position to NxStage and the difficulty of replacing the individual, the performance of NxStage, and other financial and market factors. Historically, the compensation of our named executive officers has generally been set consistent with these overall guidelines, with the exception of our CEO compensation,

[Table of Contents](#)

which has historically been below the 50th percentile for base salary and cash incentives when compared to our Peer Group. Historically, our CEO's compensation has been heavily weighted towards long-term equity incentives, thereby further aligning his interests with those of our stockholders and preserving cash.

Performance Considerations. In addition to considering market rates for executive compensation, we award our executives compensation based on their performance as a team in achieving our business objectives, as well as their individual performance. To assist our evaluation of executive performance, we conduct an annual performance review. The performance review process is designed to guide performance discussions, establish performance objectives and communicate annual achievements. Our CEO conducts each named executive officer's performance review, in consultation with the Audit Committee for the Chief Financial Officer, and the Compensation Committee conducts the performance review for the CEO.

CEO and Compensation Committee Judgment. Our total compensation program operates not only based on the application of market referencing and corporate and individual performance considerations, but also through the application of CEO and Compensation Committee judgment. We do not employ a purely formulaic approach to any of our compensation plans. There are guidelines in place, but there are also individual performance factors and executive retention considerations that permit our Compensation Committee discretion to increase or decrease cash and equity awards based on those considerations.

In addition, while the Compensation Committee is solely responsible for setting the targets and approving the awards, the Compensation Committee relies on the judgment of the CEO to evaluate the actual performance of each named executive officer (other than the CEO) and recommend appropriate salary and incentive awards. The CEO participates in Compensation Committee meetings, at the request of the Committee, in order to provide background information and explanations supporting his recommendations. The CEO is not present during any portion of Compensation Committee meetings at which his compensation is established.

Components of our Executive Compensation Program and 2009 Executive Compensation

Overview of Compensation. Our executive compensation program consists of fixed compensation elements, such as base salary and benefits, and variable performance-based elements, such as annual and long-term incentives. Our fixed compensation elements are designed to provide a stable source of income and financial security to our executives. Our variable performance-based compensation elements are designed to reward performance at two levels: actual corporate performance compared to annual business goals, and corporate performance in terms of long-term shareholder value creation. Through these performance incentive awards, we reward the achievement of short-term goals, such as annual growth in revenues and reductions in operating expenses (measured by cash consumption), and long-term goals, such as business growth and stock price appreciation.

We compensate our executives primarily through base salary, performance-based annual short-term incentive bonuses and performance based long-term incentive equity awards and time-based long-term incentive equity awards. This three-part compensation approach enables us to remain competitive with our industry peers and Peer Group while ensuring that executives are appropriately incentivized to deliver short-term results while creating long-term shareholder value.

Base Salary

When establishing base salaries, the Compensation Committee considers compensation in the Peer Group, other available compensation survey data, as well as a variety of other factors, including the individual's experience and skill set, the level of the individual's responsibility, the individual's performance, prevailing economic conditions and internal pay equity. Our Compensation Committee reviews base salaries at least annually and adjusts them from time to time to realign salaries with market levels after taking into account the factors identified above.

[Table of Contents](#)

Given the challenging business environment, our goal to conserve cash and other factors, after consultation with, and upon the recommendation of Mr. Burbank, our CEO, the Compensation Committee decided not to increase base salaries for any of our named executive officers in 2009 over 2008, or in 2008 over 2007.

The salaries paid for 2009 to our named executive officers are shown in the Summary Compensation Table for Fiscal Years-Ended December 31, 2009, 2008 and 2007 on page 33 of this proxy statement.

Annual Short-Term Incentive Awards

We have an annual short-term incentive plan for our executives. Annual short-term incentives are intended to compensate for the achievement of corporate performance objectives. Amounts payable under the annual short-term incentive plan are calculated as a percentage of the applicable executive's base salary, with higher level executives typically being compensated at a higher percentage of base salary. Each year, the Compensation Committee works with the CEO to develop corporate goals that the Committee and the CEO believe can be reasonably achieved with hard work over the next year. The Compensation Committee approves each year's plan and metrics to ensure an accelerated and ongoing degree of difficulty commensurate with our short- and long-term business plan. Short-term incentive awards are typically paid in the first quarter of the following fiscal year.

2009 Corporate Bonus Plan

The Compensation Committee established the 2009 Corporate Bonus Plan with the objective of driving strong financial performance and building long-term shareholder value. The Compensation Committee set revenue growth and reduced cash consumption goals as the two metrics for this Plan, weighted in equal importance. The Compensation Committee considered these to be appropriate measures to encourage our executives to achieve superior financial performance for the Company with the goal of generating shareholder value. Additionally, the Compensation Committee determined that the equal weighting of each metric was appropriate because it emphasized the equal importance of the Company's top performance priorities.

Target bonus awards, as a percentage of salary, for our named executive officers under the 2009 Corporate Bonus Plan remained unchanged by the Compensation Committee from the levels it established in 2008.

<u>Name</u>	<u>2009 Target (as % of 2009 Base Salary)</u>
Jeffrey H. Burbank	50%
Robert S. Brown	35%
Winifred L. Swan	35%
Joseph E. Turk, Jr.	45%
Michael J. Webb	25%

In setting these target percentages, the Compensation Committee looked to comparative market data from our Peer Group and other executive surveys, as well as each named executive officer's roles and responsibilities within NxStage. Although the Compensation Committee generally targets each of the named executive officer's short-term cash incentive compensation between the market 50th and 75th percentile, target percentages for our named executive officers were held at or below the 50th percentile of Peer Group companies. The Compensation Committee elected to leave target levels unchanged in recognition of the challenging economic environment in 2009 and our priority to conserve cash. To further conserve cash, the 2009 Corporate Bonus Plan was structured to payout at only a 50% level of the named executive officers' 2009 target percentages even if Target financial metrics for revenue and cash consumption were achieved, as indicated in the table below. Additionally, the Plan allowed for the payment of bonus awards in the form of shares of the Company's common stock.

[Table of Contents](#)

The following company-wide performance metrics and future payouts as a percentage of the named executive officers' bonus targets were approved by the Compensation Committee in March 2009 for the 2009 Corporate Bonus Plan:

	<u>Weighting /Metric</u>	<u>Threshold</u>	<u>Target</u>	<u>Stretch</u>	<u>Outstanding</u>
Metrics Weighted Equally	50%/ Revenue	\$137mm	\$144mm	\$151mm	\$158mm
	50% / Cash Consumption	\$24mm	\$20mm	\$16mm	\$12mm
Targeted Estimated Future Payouts		10% of target bonus	50% of target bonus	100% of target bonus	150% of target bonus

The Compensation Committee awarded bonuses to our named executive officers based on its evaluation that we achieved the performance criteria established for the 2009 Corporate Bonus Plan at 101.8% of the Stretch Goal. Reflective of our desire to conserve cash, the Compensation Committee elected to pay the full bonus award to our named executives under the 2009 Corporate Bonus Plan in shares of the Company's common stock that was fully vested upon award. These amounts are shown in the following table.

<u>Named Executive Officer</u>	<u>Title</u>	<u>2009 Base Salary</u>	<u>Dollar Value of 2009 Short Term Incentive Award</u>	<u>Shares of Common Stock Actually Issued(1)</u>
Jeffrey H. Burbank	President & Chief Executive Officer	\$330,000	\$ 167,970	20,116
Robert S. Brown	Senior Vice President & Chief Financial Officer	\$250,000	\$ 89,075	10,667
Winifred L. Swan	Senior Vice President & General Counsel	\$260,000	\$ 92,638	11,094
Joseph E. Turk, Jr.	Senior Vice President, Commercial Operations	\$260,000	\$ 119,106	14,264
Michael J. Webb	Senior Vice President, Quality, Regulatory & Clinical Affairs	\$220,000	\$ 55,995	6,705

- (1) In March 2010, the Compensation Committee awarded the bonus awards set forth in the table above in the form of shares of Company's common stock to each of our named executive officers. The number of shares to be awarded was based on the closing price of the Company's common stock of \$8.35 as of December 31, 2009.

Long-Term Incentives

Equity awards provide the primary vehicle for offering long-term performance-based incentives to our executives. We believe that equity awards that provide our executives with a strong link to our long-term performance create an ownership culture and help to align the interests of our executives and our stockholders. In addition, the time-based vesting feature of our equity awards are intended to further our goal of executive retention because this feature provides an incentive to our executives to remain in our employ during the vesting period. In determining the size of equity awards to our executives, our Compensation Committee considers comparative share ownership of executives in our compensation Peer Group, the applicable executive's performance, the amount of equity previously awarded to the executive, retention considerations, the vesting of such awards and the recommendations of our CEO.

The Compensation Committee relies upon two key vehicles to deliver long-term performance-based compensation to executives: the Company's annual performance share plans and option grants. We typically grant an initial equity award of stock options to new executives and subsequent equity grants annually thereafter. In 2008, the Compensation Committee also established an annual performance share plan, under which awards of restricted stock may be made to executives based upon the achievement of certain corporate objectives. All grants of equity to our executives are approved by the Compensation Committee.

Typically, executive stock options vest monthly at a rate of 25% per year over a period of four years. Restricted stock awards generally vest over three years, on an annual basis. Restricted stock awards are granted at no cost to the executive. Because the shares have a built-in value at the time the restricted stock awards are granted, we generally grant significantly fewer shares of restricted stock than the number of stock options we would grant for a similar purpose. Vesting rights for options and restricted stock awards cease upon termination of services and stock option exercise rights cease 90 days following termination of services, except in the case of death or disability. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents. Generally, holders of our restricted stock awards have the right to vote the shares and the right to receive dividends or dividend equivalents. We set the exercise price of all stock options to equal the closing price of our common stock on the NASDAQ Global Market on the date of grant.

Annual Performance Share Award — 2009 Performance Share Plan

The Compensation Committee approved the Company's 2009 Performance Share Plan in March 2009. Under this Plan, executives were eligible to receive shares of restricted stock based upon the satisfaction of established performance metrics. The metrics for the 2009 Performance Share Plan were the same as those of our 2009 Corporate Bonus Plan, except that the 2009 Performance Share Plan had no minimum "threshold" award level, instead requiring that Target performance levels be achieved before any award would be made under the Plan. The following metrics were approved by the Compensation Committee in March 2009 for the 2009 Performance Share Plan:

<u>Weighting /Metric</u>	<u>Target</u>	<u>Stretch</u>	<u>Outstanding</u>
50%/ Revenue	\$144mm	\$151mm	\$ 158mm
50% / Cash Consumption	\$ 20mm	\$ 16mm	\$ 12mm

Performance share awards are calculated based on a total value delivery model, which is dependent upon current market share price. Despite the Company's lower stock price in early 2009 versus 2008, the Compensation Committee elected to leave awards unchanged from the 2008 Performance Share Plan levels in recognition of the challenging economic environment. Award levels were as follows:

<u>Name</u>	<u>Targeted Estimated Future Payouts Under 2009 Performance Share Plan</u>		
	<u>Target</u>	<u>Stretch</u>	<u>Outstanding</u>
Jeffrey H. Burbank	101,500	203,000	253,750
Robert S. Brown	34,000	68,000	85,000
Winifred L. Swan	34,000	68,000	85,000
Joseph E. Turk	34,000	68,000	85,000
Michael J. Webb	26,500	53,000	66,250

[Table of Contents](#)

The Compensation Committee awarded shares of restricted stock to our named executive officers based on its determination that we achieved the performance criteria established for the 2009 Performance Share Plan at 98.4% of the Stretch goal. The Stretch goal level was in between the Target and Outstanding goal levels under the Plan. 2009 Performance Share Plan awards vest 33¹/₃% on the date of issuance on March 3, 2010, with the balance vesting in two equal installments on December 31, 2010 and December 31, 2011. The following table represents the total shares awarded pursuant to the 2009 Performance Share Plan.

<u>Name</u>	<u>2009 Performance Share Award Vesting Over Three Years</u>
Jeffrey H. Burbank	199,828
Robert S. Brown	66,938
Winifred L. Swan	66,938
Joseph E. Turk	66,938
Michael J. Webb	52,172

2009 Stock Option Awards

Consistent with market data for annual long-term incentive grants from our Peer Group, we made the following stock option awards to our named executives on March 5, 2009. The Compensation Committee determines award levels based on an intended value delivery model, with value delivery calculated using a Black-Scholes methodology. This methodology is dependent upon current market price, and market price changes can change the total number of stock options granted. Despite the Company's lower stock price in early 2009 versus 2008, the Compensation Committee elected to leave awards unchanged from the 2008 levels in recognition of the challenging economic environment. Long-term equity awards, including options and performance shares, were generally below the 50th percentile. As a one-time exception to historical grant practices, the Compensation Committee awarded options in 2009 with a three, rather than four, year vesting schedule. The Compensation Committee made this one-time exception in light of the factors mentioned above and to provide enhanced retention and incentive for named executive officers.

<u>Name</u>	<u>2009 Stock Option Awards Vesting Over Three Years(1)</u>
Jeffrey H. Burbank	206,500

- (1) The amounts in the 2009 Stock Option Awards Vesting Over Three Years column reflect the number of options granted on March 5, 2009 to each of our named executive officers for the purchase of shares of common stock at an exercise price equal to \$2.11, the closing price of our common stock on March 5, 2009. These options vest in equal monthly installments over the 36 months following the date of grant.

The number of stock options granted to our named executive officers, and the value of those grants determined in accordance with ASC 718, are shown in the Grants of Plan Based Awards at Fiscal Year-End 2009 table on page 34 of this proxy statement.

2010 Executive Compensation

In March 2010, the Compensation Committee adjusted our named executive officers' base salaries paid in 2009 by the percentages indicated in the chart below.

<u>Name</u>	<u>Adjusted Salary</u>	<u>Percentage Increase</u>
Jeffrey H. Burbank	\$ 396,000	20%
Robert S. Brown	\$ 268,000	7%
Winifred L. Swan	\$ 268,000	3%
Joseph E. Turk	\$ 268,000	3%
Michael J. Webb	\$ 235,000	7%

These adjustments to base salaries were the first adjustments made in more than three years for all of our named executive officers. With the exception of Mr. Burbank, all adjustments to base salaries were intended to bring the named executive officer's base salary to the 50th percentile level within the Peer Group. Mr. Burbank's salary remains below the 50th percentile level, but has been adjusted to bring it closer to that level. For 2010, the Compensation Committee elected to continue to weight our CEO's compensation more heavily towards long-term equity incentives, thereby further aligning his interests with those of our stockholders and preserving cash. Increases in base salaries will become effective commencing on April 30, 2010.

2010 Bonus Plan

The Compensation Committee approved our 2010 Corporate Bonus Plan in March 2010. Each of our named executive officers' individual payouts under the 2010 Bonus Plan will be based on corporate and individual performance. Our Chief Executive Officer will propose to the Compensation Committee the bonus payouts for each of our other named executive officers. The Compensation Committee will propose and determine the payout for our Chief Executive Officer, and will determine the final payout for the our other named executive officers. Payouts under the 2010 Bonus Plan will be determined based upon the satisfaction of our 2010 revenue and cash consumption performance metrics, with both factors being weighted equally. Any awards will range from a threshold award level to a maximum award level, depending upon whether established Threshold, Target, Stretch or Outstanding performance levels have been achieved with respect to the performance metrics. If Threshold performance levels are not achieved under the 2010 Bonus Plan, no award will be made. Awards to named executive officers may be paid in cash or shares of the Company's common stock, at the discretion of the Compensation Committee.

The Compensation Committee adjusted Mr. Burbank's and our other named executive officers' target short-term incentive awards for 2010 with the following percentages to better align them with the most recent market data. Target bonus levels are generally set at the market 50th percentile within our Peer Group.

<u>Name</u>	<u>2010 Target Bonus Awards (as% of 2010 Base Salary) (Threshold to Outstanding Award Levels)</u>
Jeffrey H. Burbank	18.75%-150%, target of 75%
Robert S. Brown	10%-80%, target of 40%
Winifred L. Swan	8.75%-70%, target of 35%
Joseph E. Turk, Jr.	12.5%-100%, target of 50%
Michael J. Webb	6.25%-50%, target of 25%

2010 Long-Term Incentive Awards

In 2010, the Compensation Committee continued to rely on two key vehicles to deliver long-term performance-based compensation to executives: the Company’s annual performance share plan and option grants. Consistent with market data for annual long-term incentive grants from our Peer Group, we made the following stock option awards to our named executive officers on March 3, 2010. In calculating award levels for 2010, the Compensation Committee used an intended value delivery model, with value delivery calculated using a Black-Scholes methodology. Consistent with this methodology, the number of options granted in 2010 was reduced from 2009 levels given the increase in the Company’s stock price over that period of time.

Name	2010 Stock Option Awards Vesting Over Four Years(1)
Jeffrey H. Burbank	123,900
Robert S. Brown	44,400
Winifred L. Swan	44,400
Joseph E. Turk	44,400
Michael J. Webb	34,200

(1) The amounts in the 2010 Stock Option Awards Vesting Over Four Years column reflect the number of options granted on March 3, 2010 to each of our named executive officers for the purchase of shares of common stock at an exercise price equal to \$9.96, the closing price of our common stock on March 3, 2010. These options vest in equal monthly installments over the 48 months following the date of grant.

2010 Performance Share Plan

In 2010, we also maintained our performance share plan, which we refer to as the 2010 Performance Share Plan. Pursuant to the 2010 Performance Share Plan, each of our named executive officers is eligible to receive an award in the form of shares of restricted stock under the Company’s 2005 Stock Incentive Plan based upon the achievement of corporate objectives for 2010 that have been specified in writing by the Compensation Committee. Awards under the 2010 Performance Share Plan are conditioned upon the Company’s achievement of revenue and cash consumption targets. Any awards will range from the threshold to the maximum share numbers, depending upon whether established Threshold, Target, Stretch or Outstanding performance levels have been achieved with respect to revenues and cash consumption. If Threshold performance levels are not achieved under the 2010 Performance Share Plan, no award will be made. Any awards made will vest over three years in equal installments, with the first tranche vesting as of the date of any issuance.

The Compensation Committee determined Mr. Burbank’s and our other named executive officers’ target performance share awards for 2010 based on a total value delivery model, which is dependant upon current market share price. Using this approach, the number of shares to be awarded under the 2010 Performance Share Plan were reduced from 2009 levels given the increase in the Company’s stock price over that period of time. Target long-term equity awards for our named executive officers, including options and performance shares, are generally set between the market 50th and 75th percentile within our Peer Group.

Name	Targeted Estimated Future Payouts Under 2010 Performance Share Plan			
	Threshold	Target	Stretch	Outstanding
Jeffrey H. Burbank	30,450	60,900	91,350	121,800
Robert S. Brown	10,200	20,400	30,600	40,800
Winifred L. Swan	10,200	20,400	30,600	40,800
Joseph E. Turk	10,200	20,400	30,600	40,800
Michael J. Webb	7,950	15,900	23,850	31,800

2010 Special Restricted Stock Award

On March 3, 2010, the Compensation Committee granted special restricted stock awards to Messrs. Burbank, Brown and Turk, in the amounts of 30,120, 15,060 and 10,040 shares, respectively. Grants of restricted stock vest over three years in equal annual installments, with the first installment vesting on March 3, 2011. These awards were approved by the Compensation Committee to bring these three name executive officers' targeted total compensation to levels consistent with the 75th percentile within our Peer Group.

Risk Assessment

We do not believe that risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on the Company. We believe our approach to goal setting, selection of targets, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe we have allocated our compensation among base salary and short-and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. Weighting much of our compensation towards long-term incentive compensation discourages short-term risk taking. Further, the metrics that determine payouts for our executive officers are Company-wide metrics. This is based on our belief that applying Company-wide metrics encourages decision-making that is in the best long-term interests of NxStage and our shareholders as a whole. Finally, the multi-year vesting of our equity awards are intended to properly account for the time horizon of risk. All of our named executive officers currently maintain meaningful stockholdings in the Company. Our insider trading policy prohibits short selling of our Company's stock or the purchase or sale of puts or calls for speculative purposes.

Elements of Indirect Pay

In addition to the direct pay elements described above, we also provide our executives with indirect pay in the form of benefits. We maintain broad-based benefits that are provided to all employees, including health and dental insurance, life and disability insurance and a 401(k) plan. Executives are eligible to participate in all of our employee benefit plans, in each case on the same basis as other employees. We match 100% of the first 3%, and 50% of the next 2%, of the employee's compensation contributed to the 401(k) plan, subject to then-current Internal Revenue Service limits on the amount that may be contributed by employees to such plans. All of our named executive officers participate in our 401(k) plan and receive matching contributions according to this formula.

Severance and Change-of-Control Benefits

Pursuant to employment agreements we have entered into with each of our named executive officers and our 2005 Stock Incentive Plan, our executives are entitled to specified benefits in the event of the termination of their employment under certain circumstances, including termination following a change of control of our company. We do not consider specific amounts payable under these arrangements when establishing annual compensation. Instead, the purpose of these benefits is to ensure that we remain competitive in attracting and retaining executives within our industry and Peer Group and that we retain our key executives during a potentially critical time in the event of a sale or merger of NxStage. After reviewing the practices of companies represented in our Peer Group, we believe that our severance and change of control benefits are generally in line with severance packages offered to executives in the Peer Group.

We have structured our named executive officer's change-of-control benefits as "double trigger" benefits. In other words, the change of control does not itself trigger benefits; rather, benefits are paid only if the employment of the executive is terminated without cause or the executive resigns for good reason during a specified period after the change of control. We believe a "double trigger" benefit maximizes shareholder value because it prevents an unintended windfall to executives in the event of a friendly change of control, while still providing them appropriate incentives to cooperate in negotiating any change of control in which they believe they may lose their jobs.

We have provided more detailed information about these benefits, along with estimates of their value under various circumstances, under the caption “Potential Payments Upon Termination or Change of Control” below.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our CEO and to each other officer (other than the Chief Financial Officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among our most highly paid executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We periodically review the potential consequences of Section 162(m) and we generally intend to structure the performance-based portion of our executive compensation, where feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, the Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the section of this proxy statement entitled “Compensation Committee Discussion and Analysis” with management. Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that such section be included in this proxy statement and incorporated by reference in NxStage’s Annual Report on Form 10-K for the year ended December 31, 2009.

Employment Agreements with Named Executive Officers

We have entered into employment agreements with each of our named executive officers, the terms of which are summarized below.

Jeffrey H. Burbank. For 2009, we paid Mr. Burbank an annual base salary of \$330,000. Mr. Burbank's salary was increased to \$396,000 for 2010. His target short-term incentive award was also increased from 50% to 75% of his base salary pursuant to our 2010 Corporate Bonus Plan. If, before a change in control of NxStage, as defined in his employment agreement, we terminate Mr. Burbank's employment without cause or he resigns for good reason, each as defined in his employment agreement, then Mr. Burbank will be entitled to receive:

- severance payments in an amount equal to his then-current base salary, which will be paid over the 12 months following termination of his employment;
- continued medical coverage during the 12 months following termination of his employment; and
- continued vesting during the 12 months following termination of his employment in all stock options and stock awards he holds at the time his employment is terminated as if he continued to be employed during such period, and, except as described below, he will have up to 90 days following the expiration of such period to exercise such options.

If, following a change in control, (i) we terminate Mr. Burbank's employment, or (ii) we had terminated Mr. Burbank's employment at any time three months prior to announcement of the change in control and we cannot reasonably demonstrate that such termination did not arise in connection with such change in control, or if Mr. Burbank resigns for good reason within 12 months following a change in control, then he will be entitled to:

- a lump sum severance payment equal to two times his then-current base salary and two times the greater of his annual bonus for the fiscal year preceding his termination or his target bonus for the then-current fiscal year;
- continue to receive medical coverage during the 24 months following termination of his employment;
- full vesting and acceleration of stock options and stock awards he holds at the time his employment is terminated and a period of 90 days to exercise such stock options; and
- receive a gross-up amount on benefits received under this agreement to compensate for excise taxes and associated penalties imposed by Section 4999 of the Internal Revenue Code of 1986, as amended.

His target short-term incentive award was increased from 35% to 40% of his base salary pursuant to our 2010 Corporate Bonus Plan. If, before a change in control of NxStage, we terminate Mr. Brown's employment without cause or he resigns for good reason, each as defined in his employment agreement, then Mr. Brown will be entitled to receive:

- severance payments in an amount equal to 0.5 times his then-current base salary, which will be paid over the six months following termination of his employment;
- continued medical coverage during the six months following termination of his employment; and
- continued vesting during the six months following termination of his employment in all stock options and stock awards he holds at the time his employment is terminated as if he continued to be employed during such period, and, except as described below, he will have up to 90 days following the expiration of such period to exercise such options.

If, following a change in control, (i) we terminate Mr. Brown's employment, or (ii) we have terminated Mr. Brown's employment at any time three months prior to announcement of the change in control, and we cannot reasonably demonstrate that such termination did not arise in connection with such change in control, or if Mr. Brown resigns for good reason within 12 months following a change in control, then he will be entitled to:

- a lump severance payment equal to his then-current base salary and the greater of his annual bonus for the fiscal year preceding his termination or his target bonus for the then-current fiscal year;

If, before a change in control of NxStage, as defined in his employment agreement, we terminate Mr. Webb's employment without cause or he resigns for good reason, each as defined in his employment agreement, then Mr. Webb will be entitled to receive:

- severance payments in an amount equal to 0.5 times his then-current base salary, which will be paid over the six months following termination of his employment;

or if Mr. Webb resigns for good reason within 12 months following a change in control, then he will be entitled to:

In addition to the terms set forth above, the executive officers' employment agreements also provide that each executive officer is entitled to:

- participate in short-term and long-term incentive programs, which incentive compensation will be subject to the terms of the applicable plans and paid on the basis of the executive officer's individual performance, as determined by our Board of Directors or Compensation Committee; and
- receive retirement and welfare benefits that we make available from time to time to our senior level executives.

If an executive officer terminates employment with NxStage voluntarily, other than for good reason, if we terminate an executive officer's employment as a result of physical or mental disability or for cause, each as defined in the officer's agreement, or if an executive officer dies, the executive officer will receive compensation and benefits through the last day of employment.

Each of Messrs. Burbank, Brown, Turk and Webb and Ms. Swan has signed agreements providing for the protection of our confidential information and the transfer of ownership rights to intellectual property developed by such executive officer while he or she was employed by us. If the executive officer fails to comply with the provisions of the proprietary information agreement between NxStage and the executive officer, the payments and benefits described above will cease.

Potential Termination and Change in Control Payments

The following table describes the potential payments, benefits and acceleration of vesting applicable to stock options and restricted stock awards pursuant to employment agreements with each of Messrs. Burbank, Brown, Turk and Webb and Ms. Swan. The amounts shown below assume that the termination of each executive is effective as of December 31, 2009. Actual amounts payable to each executive listed below upon his or her termination can only be determined definitively at the time of each executive's actual departure. The payments and benefits that each officer would receive upon termination are further described above under the heading "Employment Agreements with Named Executive Officers." In addition to the amounts shown in the table below, each executive would receive payments for amounts of base salary and vacation time accrued through the date of termination. Director Compensation

Under our non-employee director compensation policy, last amended in March 2006, our non-employee directors receive:

- a \$15,000 annual retainer for their service as directors, to be paid quarterly in advance;
- \$2,500 for each Board meeting attended by the director in person, \$1,000 for each Board meeting attended by telephone and \$1,000 for each committee meeting attended where the committee meeting is scheduled on a date other than a Board meeting;
- if he or she is a member of the Audit Committee, an additional annual retainer of \$6,000 (or \$10,000 for the Audit Committee Chair), paid quarterly in advance;
- if he or she is a member of any committee other than the Audit Committee, an additional annual retainer of \$4,000 for each other committee, paid quarterly in advance;
- expense reimbursement for attending Board of Directors and committee meetings; and
- on the date of our annual meeting of stockholders at which a non-employee director is elected, a fully vested stock option to purchase 14,000 shares of our common stock with an exercise price equal to the then fair market value of our common stock, as determined by the closing price of our common stock on the date of the annual meeting. For a director elected or otherwise appointed to the Board of Directors on a date other than the date of an annual meeting of stockholders, such director will receive a fully vested stock option to purchase 14,000 shares of our common stock pro-rated for the annual period that remains between the date he or she is first elected to the Board and the date of the next annual meeting of stockholders.

No director shall receive more than \$50,000 in any calendar year for Board fees, without the prior approval of the Compensation Committee.

Our non-employee director compensation policy provides that directors may elect to receive shares of our common stock in lieu of the cash compensation described above. A director must make his election to receive equity in lieu of cash compensation on the date of the annual meeting of stockholders at which such director is elected. A director's election to receive equity in lieu of cash compensation will apply to all compensation to be paid after the date of election and will remain in effect until the next annual meeting of stockholders. If a non-employee director elects to receive equity in lieu of cash, we will issue the director shares of our common stock on the last business day of each calendar quarter in an amount equal to the quotient of the total cash consideration due as of the last business day of each calendar quarter and the closing price of our common stock on the last trading day of that quarter. Presently, each of Dr. Chambon and Messrs. Giannini, Moore and Perper has elected to receive shares of common stock in lieu of cash compensation for their service on our Board of Directors. All shares of our common stock issued to our directors in lieu of cash are issued under our 2005 Stock Incentive Plan.

We do not compensate directors who are also employees for their services as directors.

The following table sets forth information concerning the compensation of our directors who are not also named executive officers for the fiscal year ended December 31, 2009.

PROPOSAL 2 — RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors believes that the selection of Ernst & Young LLP as our independent registered public accounting firm is in the best interest of NxStage and our stockholders and therefore recommends a vote FOR this proposal.

Our Audit Committee has selected the firm of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year. Ernst & Young LLP has served as our independent registered public accounting firm since 2002. Although stockholder approval of the selection of Ernst & Young LLP is not required by law, the Board of Directors believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at our annual meeting, our Audit Committee will reconsider its selection of Ernst & Young LLP. Representatives of Ernst & Young LLP are expected to be present at the annual meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

OTHER MATTERS Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other of our equity securities. Based solely on our review of copies of Section 16(a) reports furnished to us and representations made to us, we believe that during 2009 our officers, directors and holders of more than 10% of our common stock complied with all Section 16(a) filing requirements.

Delivery of Security Holder Documents

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our Notice of Internet Availability of Proxy Materials, proxy statement and Annual Report to Stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of these documents to you if you call or write us at the following address: 439 South Union Street, 5th Floor, Lawrence, Massachusetts 01843, Attention: Investor Relations, or 978-687-4700. If you want to receive separate copies of the Notice of Internet Availability of Proxy Materials, proxy statement or Annual Report to Stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address.

Stockholder Proposals for the 2011 Annual Meeting

Proposals of stockholders intended to be presented at the 2011 Annual Meeting of Stockholders must be received by us at our principal office in Lawrence, Massachusetts not later than December 30, 2010 for inclusion in the proxy statement for that meeting.

In addition, our bylaws require that we be given advance notice of stockholder nominations for election to our Board of Directors and of other matters which stockholders wish to present for action at an annual meeting of stockholders, other than matters included in our proxy statement in accordance with Rule 14a-8. The required notice must be in writing and received by our Corporate Secretary, Winifred L. Swan, at our principal offices not later than 90 days nor more than 120 days prior to the first anniversary of our 2010 Annual Meeting of Stockholders. However, if the 2011 Annual Meeting of Stockholders is advanced by more than 20 days, or delayed by more than 60 days, from the first anniversary of the 2010 Annual Meeting of Stockholders, notice must be received not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (1) the 90th day prior to such annual meeting and (2) the 10th day following the date on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever occurs first. Our bylaws also specify requirements relating to the content of the notice which stockholders must provide, including a stockholder nomination for election to the Board of Directors, to be properly presented at the 2011 Annual Meeting of Stockholders.
